## Empowering and Inspiring Students Since 2009

The Ultimate Life Summit (ULS) is a transformational experience where youth aged 15-18 from around the world unlock their full potential and discover the mindsets that lead to extraordinary success.

With expert mentors, a supportive community, and inspiring sessions and activities, ULS helps students identify their unique strengths and deepest passions to create a powerful vision for their future and become leaders in a global network that is changing the world.

### At the Ultimate Life Summit, students will:

- **Be Their Authentic Self:** Students are empowered to discover their strengths in an environment that fosters self-acceptance and helps them thrive.
- **Make Positive Connections:** Students realize they share common dreams and challenges with peers from around the globe and find belonging in a community that genuinely cares.
- **Experience Real Growth:** Students gain powerful tools to overcome limiting beliefs and leave with the confidence and motivation to pursue their passions and dreams.

## Discover the Power of Your Mindset

Mindset determines the quality of an individual's life and influences his or her decisions, actions, and perceptions of self and the world. The 7 Mindsets are research-based ways of thinking developed from 500 of the world's happiest and most successful individuals. The 7 Mindsets approach is rooted in a simple but profound truth: Success is driven less by what people know—and more by how they think.

Grounded in the 7 Mindsets, ULS empowers students with tools to break through limiting beliefs, forge positive connections, and ignite the confidence to pursue their biggest dreams.

Throughout the week, students will learn these 7 Mindsets and how to apply them to their lives.

# ULS: A Transformative Experience that Carries into the Future

The week-long Ultimate Life Summit is just the beginning of a journey. The connections, growth, and inspiration students gain will continue to empower them even after they leave, shaping an exciting future.

## Build a Personal Plan for Your Future

Students create their personalized Ultimate Life Plan, a roadmap that aligns their education, career, relationships, and social responsibility with their core values and dreams. This process guides them to identify actionable steps to achieve their goals and build strategies for long-term growth and success.

## Turn Your Passion into Real-World Action

Students participate in workshops led by experts from fields like business, music, and technology. These hands-on sessions build real-world skills and offer personalized mentorship, empowering students to apply what they learn and pursue their dreams.

## Stay Connected after the Summit

The journey continues with monthly virtual meetups to sustain the magic and growth that students experienced, offering support and inspiration long after the summit ends. Through dedicated alumni channels, students stay connected with peers and mentors who genuinely care about their progress and are here to support them every step of their journey.

"My life has forever changed, and my mind and heart have been inspired. From the moment the session began, I was mesmerized. The words suddenly became lightning rods for future ideas and plans. Perhaps the most important thing I learned was the self-discovery of my own dreams. I will use the lessons and experiences to ensure that I will not only have a successful college career, but a successful life."

– Chris, Former ULS Student
