

# No Mind Left Behind

## A Sponsorship Initiative of 7M Cares

No Mind Left Behind is a national initiative under 7M Cares designed to ensure that 7 Mindsets programming continues in those schools that need it most.

The 7M Cares Fund empowers individuals, businesses, civic organizations, and foundations to directly support schools facing financial hardship. Through these contributions, 7M Cares helps sustain impactful programs that strengthen academic performance, boost attendance, improve student behavior, and cultivate a positive, thriving school culture where every learner can succeed.

### *The Urgency of School Budget Cuts*

With the conclusion of ESSER and changing federal funding priorities, schools are being forced to make difficult decisions. Even long-term partners such as Toledo Public Schools were unable to renew their 7 Mindsets programming due to budget cuts. Through 7M Cares, we are continuing their service for now.

But the need is growing. Schools that lose access to 7 Mindsets lose more than just a curriculum. They lose a research-backed, transformational foundation that helps students and educators thrive.

### *How to Get Involved*

Organizations and individuals can become sponsors by:

- ✓ Choosing a school or region to support
- ✓ Funding a specific opportunity (curriculum, educator PD, student experience)
- ✓ Making a general donation to the 7M Cares Sponsorship Fund

## Sponsorship Opportunities

Sponsors can choose how they invest in school transformation through three core giving options:

### Sponsor a School with 7 Mindsets Solutions

Fund access to the full PreK-12 mindset-based curriculum, mental health education, professional learning, and implementation support. This includes lessons, educator coaching, and access to measurement tools that demonstrate impact.

### Sponsor an Educator to Attend Mindsets University

Help educators reconnect with their purpose. Mindsets University is a powerful professional development event that recharges educator energy and equips them to lead schoolwide transformation.

### Sponsor a Student for the Ultimate Life Summit

Support a local teen in attending a national leadership and empowerment experience that cultivates resilience, goal-setting, and purpose-driven growth.

## Why Mindset-Based Learning Matters

Grounded in 25+ years of research and practice, 7 Mindsets helps schools build the beliefs that drive behavior and connect them to real-world skills students can use every day. With full-immersion implementation support, schools move beyond compliance-based approaches to strengthen motivation, resilience, and responsible decision-making, in school and beyond.

An independent study validated what partners have long seen: 7 Mindsets works. Findings that contributed to ESSA Level 2 validation include:

- ✓ **Higher English and Math performance** in high-implementation schools
- ✓ **Fewer suspensions and days suspended**, reflecting meaningful behavior change
- ✓ **Improved attendance**, with students more present and engaged
- ✓ **Stronger self-efficacy**, building confidence and belief in self
- ✓ **The greatest gains for students facing the greatest challenges**, including increased feelings of safety in high-implementation schools

## Target Partners

We are actively seeking sponsorships from:

Local and national businesses

Philanthropic foundations

Chambers of Commerce and civic organizations

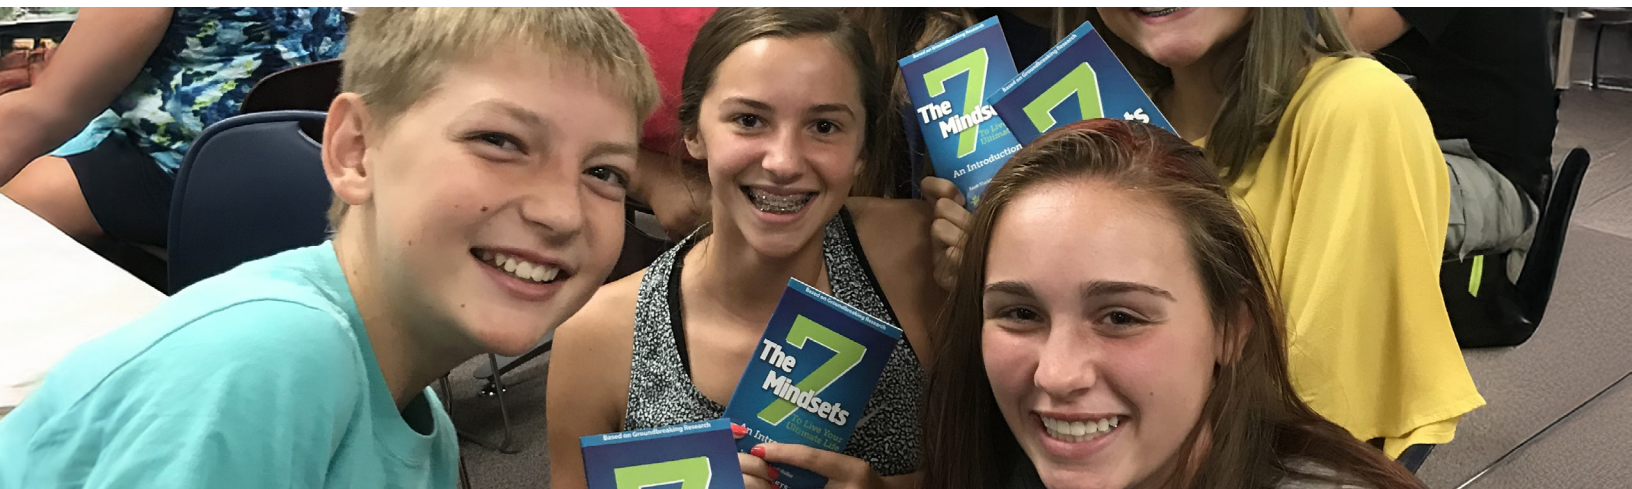

Alumni associations

Community leaders and private donors

## Sample Sponsorship Levels

SPONSORSHIP LEVEL	INVESTMENT	IMPACT
<b>Platinum Partner</b>	\$25,000+	Fund multiple-school or district-wide access
<b>School Partner</b>	\$10,000	Provide a full year of curriculum, training, and implementation for one school
<b>Educator Partner</b>	\$1,000	Fund multiple-school participation in Mindsets University
<b>Student Partner</b>	\$2,500	Send a student to the Ultimate Life Summit
<b>Community Ally</b>	<\$1,000	Contribute to a pooled fund supporting schools in need

## Program Benefits

Quarterly updates to sponsors with school stories and data

Recognition in 7 Mindsets newsletters, events, and reports

A direct connection to the impact made on students' lives

## Next Steps

To begin developing your sponsorship program, visit [7mindsets.com/7m-cares](https://7mindsets.com/7m-cares) to express interest.

### About 7M Cares

Established in 2023, 7M Cares is a social impact initiative that expands 7 Mindsets' philanthropic giving and helps empower students to live their best life. To fulfill this mission, 7M Cares supports charitable organizations and causes that embrace mindset-based youth empowerment and provides financial assistance to schools and districts interested in mindset-based learning but that lack the funding to purchase on their own. Used by over 5 million students and educators in all 50 states, 7 Mindsets offers highly effective and transformative PreK-12 learning solutions that have been proven to improve student engagement, behavior, attendance, and academic achievement.
